New Low Pricing on Kubota Engine Kits

CAPTURE MORE BUSINESS

Capture more repair business on Kubota engines with our newly lowered prices for Kubota Engine Kits. Not only will these lower costs help you be more competitive, our coverage of Kubota engine parts gives you the most comprehensive selection in the aftermarket today – we also stock piston kits, engine bearings and bushings, oil seals, gasket sets, oil pumps, injectors and cylinder head parts for Kubota engines in the agricultural, industrial, construction and other markets.

KUBOTA KIT ENGINE COVERAGE

New Outside Sales Representative

WAYNE STAHL

We are proud to announce Wayne Stahl as our new Outside Sales Representative for Iowa and Eastern Nebraska. We endeavor to provide you with the best service and product assistance possible and Wayne is the embodiment of these values – as many of you know, he has worked at our Belmond location in sales and purchasing for over 19 years. Look for a visit from Wayne in the near future - he is looking forward to meeting everyone that he has only had the chance to speak with over the phone. He is available to assist you with your parts needs and keep you updated on new products added to our broad product line.

Seats for Long Lasting Comfort

SIT EASY WITH A NEW SEAT

We know your customers spend long hours in their machines – don't let those hours be uncomfortable due to a worn-out seat. Provide them a high-quality replacement that fits their budget with our seats that deliver comfort, durability, performance and value. Our broad selection of popular brands includes seats from small tractor restoration up to the latest air suspension, available for quick delivery and installation.

Seat Range Coverage:

- ✔ Complete assemblies:
 - Air suspension
 - Mechanical suspension
 - Static
 - Bucket
 - Pan
- ✔ Buddy seats
- ✔ Universal kits
- ✔ Cushions and covers

Harvest Season Spotlight - Combine Belts

BE READY FOR HARVEST SEASON

Every element of Reliance Power Parts Combine Belts is designed to deliver premium, long life performance. They are engineered to withstand the abuse of repeated sudden shock loads, tolerate high temperatures, and resist the damaging effects of oil and dust.

Manufactured specifically for Agricultural applications:

Provides a perfect fit on combine drives (common belts fit on industrial pulleys and may provide marginal life on farm equipment drives)

Premium rubber compound material:

More flexible over the sheave, but is extremely rigid across its back

Tightly wound power transmission cords:

Provides a uniform load that is transmitted equally
Increased strength with more cord added in the cross section of the belt
Increased tensile strength

The Reliance Insights newsletter is your source for product announcements, events, technical information, and much more. Take a look inside and see what's new!

We make every effort to ship from our closest location to reduce shipping time and charges.

Warehouses located in: Minden - NV, Lincoln - NE, Harlan - IA, Lynn - IN, Jacksonville - FL, and Winnipeg - MB (Canada)

Hot Summer, Harvest Savings

LOWER PRICING ON MORE PRODUCTS

This month we're excited to announce lowered prices for Kubota engine kits. As summer and harvest season heat up, we have the parts to keep your machines running and the operators comfortable. **Take a look inside!**
