## Crankshaft Kits for 300 and 400 Series John Deere Engines.

Reliance is pleased to announce the introduction of crankshaft kits for 300 and 400 Series engines. These crankshaft kits are ideal for situations where crankshaft replacement is required between engine overhauls. The crankshaft kits include a crankshaft and an underhaul kit, as well as the front and rear crankshaft seals. This means you get all of the connecting rod and crankshaft main bearings, gaskets, seals, and connecting rod capscrews required to replace the crankshaft.

Best of all are the very competitive prices offered on all of these crankshaft kits.

Following is a list of the part numbers and applications for our full range of crankshaft kits:

PART NUMBER	DESCRIPTION	APPLICATION
RP-691	CRANKSHAFT KIT	152, 164, EARLY 179 (INCLUDES NR-74194 CAPSCREWS)
RP-708	CRANKSHAFT KIT	LATE 179, 3029 (INCLUDES NR-80033 CAPSCREWS)
RP-692	CRANKSHAFT KIT	202, 219, EARLY 239 (INCLUDES NR-74194 CAPSCREW)
RP-693	CRANKSHAFT KIT	LATE 239, 4039 (INCLUDES NR-80033 CAPSCREWS)
RP-694	CRANKSHAFT KIT	303, 329, EARLY 359 (INCLUDES NR-74194 CAPSCREWS)
RP-709	CRANKSHAFT KIT	LATE 359, 6059 (INCLUDES NR-80033 CAPSCREWS)
RP-695	CRANKSHAFT KIT	414, 6068
RP-696	CRANKSHAFT KIT	EARLY 270
RP-697	CRANKSHAFT KIT	LATE 270
RP-698	CRANKSHAFT KIT	EARLY 404D
RP-699	CRANKSHAFT KIT	MID, LATE 404D, 404T,A, 466D
RP-700	CRANKSHAFT KIT	466T,A
RP-701	CRANKSHAFT KIT	EARLY 6076

### \*NOTE

Some 4010 and early 4020 tractor models may need machine work performed on the flywheel to accept crankshaft kit RP-698. Please see Parts and Service Bulletin No. 140-1.

Be sure to include these in your next stocking order.
